University of Wisconsin–Madison

College of Engineering

Department of Engineering Professional Development

recognizes the educational achievement of

MARTIN BALESTIE

for successful completion of

Developing and Operating Solid Waste Landfills

November 2005

2.0 CEU

Paul S. Peercy

Paul S. Peercy, Dean, College of Engineering

Philip R. O'Leary

Philip R. O'Leary, Program Director

COURSE VALUE:

SEMESTER CREDIT - Measures value of postsecondary level (Vocational/Technical or University) courses.

GRADUATE (G) - The student has undertaken the graduate level requirements of this course. If the student has been admitted to a U.W. Graduate School and the course is an appropriate part of his/her curriculum, these credits will normally be applicable toward a degree from the University of Wisconsin.

UNDERGRADUATE (U) - The student has undertaken the requirements of this course. If the student has been admitted to the University of Wisconsin and the course is appropriate to his/her curriculum, these credits will normally be applicable toward a degree from the University of Wisconsin.

VTAE (V) - The student has undertaken the requirements of this course as established by the Wisconsin System of Vocational, Technical, and Adult Education (VTAE). Subject to the approval of each local VTAE District, this course may be accepted for diploma or associate degree credit.

AUDIT (AU) - The student has taken this course for review. No degree credits have been earned.

CONTINUING EDUCATION UNIT (CEU) - Measures value of continuing education courses and degree credit courses used as part of a continuing education program.

UW-Extension's CEU effort is part of a national effort to recognize self-enrichment and self-development through a program of continuing education. Programs having a CEU value can be characterized as organized educational experiences supported by well-defined learning objectives, capable direction, and qualified instruction.

One CEU is equivalent to ten hours spent in class instruction, or ten hours on work assignments outside of class, or a combination of the two.

Those participants who have received continuing education hours (CEH's) in previous programs can compute CEU's earned by simply dividing total CEH's by ten.

COURSE CREDIT STATUS:

Continuing Education - Academic work applicable, when part of the requirements, toward a certificate, diploma, or other form of recognition granted by University of Wisconsin-Extension.

HIGH SCHOOL CREDIT - Measures value of high school level courses in Carnegie units.

.50 = 1/2 year or 1/2 Carnegie unit
.75 = 3/4 year or 3/4 Carnegie unit
1 = 1 year or 1 Carnegie unit

If the student has obtained his principal's approval, these credits will normally be applicable toward a high school diploma.

GRADE OPTIONS:

Student Accomplishment Measured by Examination:

A Excellent	S Satisfactory (Pass)
AB	U Unsatisfactory (Fail)
B Good	I Incomplete
BC	P Progress
C Average	
D Poor	
F Fail	

Student Accomplishment Unexamined:

X Attendance requirement only
Z Independent Study lessons completed but exam not taken.
